

2CUT GmbH, Hinter der Bahn 19, 31603 Diepenau-Lavesloh

REACH - Declaration

The company 2CUT GmbH is a manufacturer of sheet metal parts in terms of REACH a so-called "downstream user". We only do not produce chemical products (products). In addition, from the generated products we under normal and reasonably foreseeable conditions of use no substance will be released. Thus we are as a company 2CUT GmbH basically neither to registration nor the obligation to produce safety data sheets.

In addition, we will immediately under REACH - inform Article 33, if the ingredients of our products are classified (from a level of > 0.1%) of the European Chemicals Agency (ECHA) as particularly worrying. As things stand, however, we do not assume that this will arrive.

Regardless, we are pursuing in their own interests and to ensure a high product safety for our customers intensively the implementation of REACH on page of our suppliers. We are in close contact with our suppliers of chemical substances and preparations as Embed and processing of our products or use in other operative processes and the pre-registration and subsequent registration of the relevant substances in REACH in our supplier qualification - raw materials and supplies for the manufacture, treatment.
